CHETLA ABHILASH

+91 8074714029 | chabhilash5@gmail.com

PROFESSIONAL SUMMARY

Graduate Software Engineer (2025) with strong foundations in Java, Python, SQL, and Web Technologies (HTML, CSS, JavaScript). Experienced in building database-driven applications, implementing OOP concepts, and developing backend logic using clean and maintainable code. Quick learner with interest in enterprise application development, integration technologies, and willing to commit to a long-term service role.

EDUCATION

Bachelor of Engineering (B.E) – Computer Science & Engineering (Artificial Intelligence and Machine Learning)
CMR Institute of Technology, Hyderabad
CGPA: 8.2 | 2021–2025

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Front-End Technologies:** HTML5, CSS3, JavaScript
- **Backend Development:** Django, DRF
- **Databases:** MySQL
- **Version Control & Tools:** Git, GitHub
- **Additional Exposure:** Basics of Machine Learning, NLP (academic)

PROJECTS

Hospital Management System| Python, MySQL

- Developed a scalable, database-driven backend application similar to SaaS-based systems for managing patients, appointments, and billing.
- Implemented backend logic using Python and SQL with strong data validation.
- Applied Object-Oriented Programming principles for modular and maintainable code.
- Implemented CRUD operations with role-based access control for secure data management.
- **Tools & Technologies:** Python, MySQL, SQL, OOP Concepts, Git, GitHub

AI-Driven Social Misinformation Detection System | Python, Machine Learning

- Developed a machine learning system to classify social media/news content as fake or real using NLP techniques.
- Cleaned and pre-processed textual datasets and applied TF-IDF vectorization for feature extraction.
- Trained and evaluated supervised learning models such as Logistic Regression and Random Forest for misinformation classification.
- Integrated the trained model into a backend application for real-time content verification.
- **Tools & Technologies:** Python, Pandas, NumPy, Scikit-learn, TF-IDF, Machine Learning, Git, GitHub

CERTIFICATIONS

- Earned Python Essentials 1 & 2 certification from Cisco Networking Academy.
- Completed certification in SQL from HackerRank.
- Received a certification in Python issued by Edugene Technologies.
- Earned JavaScript Essentials 1&2 certification from Cisco Networking Academy

ACHIEVEMENTS & PROACTIVE PARTICIPATIONS

- Visited Microsoft Office through the Tech By Deepak program, gaining exposure to AI agents, LinkedIn professional strategies, and real-time project development
- Active member of TechX Club at CMR Institute of Technology contributed to organizing workshops, hackathons, and coding competitions.
